

Growing Energy  
Self-Reliant Communities

Saturday, March 26, 10:00 am to 11:30 pm

At the Boaz Community Center

Co-sponsored by UW Extension

Come hear Professor Tom Cox on 'Fueling the Future'

Professor Cox, UW Madison's department of Agricultural and Applied Economics, will be speaking with us about biodiesel. He has researched and presented on the effect of trade policy on the economics of dairy farming.

Biodiesel discussion topics:

- ◆ Where does biodiesel come from
- ◆ Economic impacts
- ◆ Environmental Impacts
- ◆ Locally grown and processed energy

Plenty of time for Q&A

Free and open to the public, complimentary light lunch to follow

17010 State Highway 171, Richland Center, WI 53581
